

The Park for Skill Cultivation

# AI

**Integrated  
Building  
Security  
Engineering**

## MODULE 1

# AI - ARTIFICIAL INTELLIGENCE

Artificial intelligence (AI) refers to computer systems capable of performing complex tasks that historically only a human could do, such as reasoning, making decisions, or solving problems.

## ELECTRONICS AND ELECTRICALS

Basic electronics and electricals is the study of the fundamental components, circuit and principles of electronic device

## MODULE 2

# SECURITY AND FIRE ALARM SYSTEM

Alarm systems are designed in such a way that they can detect any problems such as fire, gas, invasion, or any change in the environment. They'll figure out the changes and determine if the event is threatening, then they'll send you a notification about the situation.

# CCTV

CCTV (closed-circuit television) is a TV system in which signals are not publicly distributed but are monitored, primarily for surveillance and security purposes. CCTV relies on strategic placement of cameras and private observation of the camera's input on monitors.

# NETWOR KING

Networking basics include understanding how various computing devices such as servers, laptops, desktops, tablets, and smartphones connect and interact.

# ACCES CONTROL

Access control is a data security process that enables organizations to manage who is authorized to access corporate data and resources.

## MODULE 4

# HOME AUTOMATION

Home automation allows you to remotely control and automate a range of home systems using a smartphone, tablet, computer, or other connected device — creating an intuitive, convenient, energy-efficient living environment.

# VIDEO DOOR PHONE

A video door phone, also known as a video door entry or video intercom, is a system that allows you to see and speak to visitors at your door

## MODULE 5

# ENTREPRENEURSHIP AND INTERVIEW TRAINING

Interview training refers to the professional development and learning opportunities that improve a candidate's capacity to excel and create a positive impression during the interviews

# COMMUNICATIVE ENGLISH

Communicative English section is aimed at improving students' speaking, listening, reading and writing skills in English

# FUTURE AND CAREER

Hospital field, Banking field, industrial field, hospitality, MNC, abroad government associated projects (e.g.: Kelton and sub companies), business entrepreneurship.
